Dear Mr. Spooner;

Mr. Henry P. Zuidema last appeared in the city directory of 1927 and evidently does not reside here any more. Willis V. Simons also does not appear in recent directories. The Kent County directory does not list him, but as Sparta is so small, it would not be necessary to have a street address to reach him if he happens to be there now.

I am enclosing a copy of the Aug. 2 article that you mentioned appeared in the Grand Rapids Herald. Several other articles also appear later in the month, but many of them were columns long-- too long to copy.

While I was using the July-Aug. Herald, I took some time to search for the undated article about the body of Mrs. Nellie Reynolds, but had no luck. Even that short period of time took all of my spare time for two days. I do wish I had more time to look through the other papers for the article, but don't feel I can spare the time now when students are working on term papers. However, I am keeping your letter and will continue the search whenever possible.

Sincerely yours,

Frances Wood
